

**ALEUT O&M SERVICES AWARDED  
\$395 MILLION CONTRACT CAPE CANAVERAL, FLORIDA**

**FOR IMMEDIATE RELEASE**

COLORADO SPRINGS, CO (September 1, 2015) – Aleut O&M Services, LLC (AOMS) has been awarded the \$395 million indefinite-delivery/indefinite-quantity contract for Cape Launch Operations and Infrastructure Support (CLOIS) services. AOMS, along with its key subcontractor PAE Applied Technologies, LLC will provide operations, maintenance, and engineering support for facilities and systems at Cape Canaveral Air Force Station, Florida. The contract’s six-and-a-half-year period of performance commences in early December.

“The AOMS team looks forward to serving the Air Force and bringing its longstanding core competencies in facilities support and engineering services to Cape Canaveral,” said Sam Cole, President of AOMS parent company, Aleut Management Services. The mission of the 45<sup>th</sup> Space Wing, the primary CLOIS customer, is to provide assured space launch, range, and combat capabilities for the nation.

AOMS, LLC is a Small Business Administration certified 8(a), company and subsidiary of The Aleut Corporation, an Alaska Native Corporation. The Aleut family of companies offers extensive product and service capabilities including operations, maintenance and related services, information technology and communication services, engineering services, mechanical contracting and construction, oil field services, and water testing to a range of customers and government agencies.
